

Instructions for Audition Videos

- Each duet team must play together and submit their audition videos as a team.
- Each duet team should either be conducted by their teacher or use an audible metronome at the beginning of each piece set at the suggested tempo. Metronome does not need to run during the entire video.
- Duet teams can submit one long video that includes the complete program for their level or make individual videos for each duet.
- All audition videos will be due at 5pm on Saturday, May 25th- no late audition videos will be considered.

Instructions for Uploading Audition Videos on Youtube

It does not matter whether the teacher or one of the students uploads the video to Youtube as long as it is labeled correctly and gets submitted to the Piano Ensemble Festival chairmen before the Registration deadline.

1. After the audition video(s) are recorded and saved to your device, go to <https://www.youtube.com> and log into your Youtube account.
2. Click on the Create button on the top right-hand side of the screen (looks like a camera with a plus sign in the middle).
3. Click on Upload Video from the drop-down menu.
4. Select a file from your computer to upload or drag and drop a file.
5. Under Details, title your video "Level Performer Last Name/Performer Last Name, Name of Duet (if submitting individual videos for each duet).

For example: "Level 4 Doe/Smith, Spanish Dance"
6. Select a thumbnail for the video (YouTube should show a few still frames from the video you can choose from).
7. Click the button "Yes, it's made for kids".
8. Click next, then next again for the Video Elements page.
9. For the Visibility page, click the UNLISTED button (so only those with a link can view the video).
10. Click Save

11. Your video should be published! Copy the link listed at the bottom of the box into the Piano ensemble Festival student registration form or email it to the chairmen at pianoensemblefestival@gmail.com.
